No Excitement Around the Palace.

The noticeable excitement during the past week outside Buckingham Palace at the hours the bulletins were posted was entirely absent this morning. The sanguine impression created by the doctors' reports Saturday and Sunday was maintained by the salient phrase in this morning's bulletin, "No bad symptom of any kind."

At noon the following official statement was given out at the palace:

"There is no cause for alarm in the distress caused by dressing the wound. This occurs at least twice daily. The Pound, which is of considerable depth, is dessed from the bottom, as it is essential that it should heal from within outward. The dressing causes his majesty considerable pain, which he has borne with great fortitude. In fact, his majesty's courage and patience call for the greatest admiration. The king was much benefited by the change to the couch yesterday, on which he stayed for a few hours. The electric fans have proved of great value in keeping down the temperature of the apartment. The queen is in constant attendance in the sick room. but the utmost quiet is enforced. The king occasionally sees his children, but the interviews are of short duration. No matters of state or business are allowed to be submitted to the king, who is also debarred tary service: from reading his correspondence. Neither Drs. Laking, Barlow nor Treves have left the palace since the operation, except for an occasional hour."

The queen's anxiety has been so much allayed that she definitely decided today to occupy the first carriage in the royal procession, in which other members of the royal family will participate, as well as the foreign princes who are still in London.

#### BOY DIES OF HYDROPHOBIA. Expires on Train While En Route to

Baltimore, Md.

Special Dispatch to The Evening Star. CUMBERLAND, Md., June 30.-Joseph Ray Irons, eleven years old, son of I. B. Irons of Morgantown, W. Va., died last night at 9 o'clock on the Duquesne Limited express, on the Baltimore and Ohio railroad, as the train was near Rockwood, forty-four miles above Cumberland. Death was due to hydrophobia, from a cat bite right under the nose, last April. A dog Making Additions to the Board of Penhad previously bitten the cat. The boy had first developed symptoms of hydrophobia on Saturday at midnight and a physician advised that he be sent to Baltimore for Pasteur treatment at once, saying that the disease could hardly develop in its worst form before two weeks. The mother started with him for Baltimore yesterday, and the boy made no display of violence except once when he pressed his mother's arm between his teeth. The dress protected the tion act, approved April 28 last, wherein flesh and no impression was made on the appropriation is made "for twenty addiskin. Just before he died he frothed at the mouth, but otherwise gave no indication that he was suffering from the rabies. Un-dertaker G. Stanley Butler was advised of the death by wire and he had an ambulance at the depot shortly after the train arrived. The body was prepared for burial and was taken by the mother on the train leaving here at 7 o'clock to West End, near Tunnelton, W. Va., the old home of Mrs. Irons, for burial. The grief-stricken mother bore up under the ordeal with remarkable com-The passengers and persons about posure. FUTURE GOVERNMENT OF THE TRIALS FOR A CHANCE AT SEA-PHILIPPINES.

Gen. Chaffee's Functions as Military | Those Which Qualify Will Sail in the Governor to Terminate July 4-Moros' Tribal Relations.

It is stated at the War Department that the entire Philippine archipelago will be placed under control of the civil authorities as represented by the civil governor and the Philippine commission on the 4th of July, and that General Chaffee's functions as military governor of the provinces now under military control will terminate on that date. General Chaffee will, however, remain in command of the military division of the Philippines and will assist the civil authorities in the preservation of peace and good order whenever called upon

The effect of this plan will be the complete establishment of civil government throughout the entire Philippine archipelago on American Independence day. The military will be everywhere subordinate to the civil authorities, just as it is in the United States. As one of the officials put it, "General Chaffee's functions in command of the troops in the Philippines will be just the same as the functions of General Brooke commanding the department of the east in the United States, that is, the troops will be employed to enforce the mandates of the civil government only when the constabulary and the other civil forces are unable to cope with the situation."

It was further stated that the Moros will be allowed to continue their tribal relations for the time being, and will be governed under practically the same conditions as the American Indians, until it is demonstrated that civil government may be advantageously established throughout the province of Mindanao.

In accordance with the present policy of the administration, troops will continue to be withdrawn from the Philippines until General Chaffee's force has been reduced to 18,000 men, which is now considered sufficient to meet all the requirements of the

#### PROMOTED AND RETIRED.

List of Army Officers Prepared at the Direction of the House.

The Secretary of War has prepared a statement in response to the resolution of May 2, adopted by the House May 27, "directing him to furnish the House with the names and rank of officers of the army promoted since April 1, 1898, "who have been retired within one year of their ast promotion with a higher grade than that held at the time of their promotion."

The list contains the names of forty officers promoted and retired as brigadier generals, thirty-eight of whom were promoted from the grade of colonel. Of the other two retired in that grade Gen. Wheeler was a brigadier general of volunteers and Gen. Charles Bird was a lieutenant colonel in the quartermaster's department. Another name in the list is Capt. John Murphy of the infantry, who was promoted and retired as a major in the pay department.

The following is a list of the officers named with the period of their active mili-

Barlow, 45 years. In an accompanying statement prepared the paymaster general it is shown that the total increased expense of these advanced retirements is \$258,572.77, that sum representing the difference between the pay the officers named will receive by reason of their promotion before retirement and the pay they would have received had they retired regularly on reaching the age of sixty-four years.

The language of the resolution of the House in this matter is a subject of general comment in official circles. It "directs' the Secretary of War to furnish informa tion regarding the action of the President in making the appointments in question, and the action of the Senate in confirming them, and to that extent ignores the rights of the executive and the Senate in the premises. Inasmuch as the Secretary of War has forwarded the statements prepared by his direction to President Roosevelt for such action as he deemed best.

## GRADUALLY ENLARGED.

sion Appeals.

Beginning with the appointment of half a dozen persons during the current week, the Secretary of the Interior will gradually expand the present board of pension appeals by the addition of twenty members. This step is taken under the authority conferred on Secretary Hitchcock by the legislative, executive and judicial appropriational members of the board of pension appeals to be selected and appointed by the Secretary of the Interior from persons not now or heretofore employed in the pension office, and without compliance with the omice, and without compliance with the conditions prescribed by the act entitled 'An act to regulate and improve the civil service,' to serve during the fiscal year 1903, at a salary of \$2,000 each." The Section of the second has not yet selected more than a third of the number authorized and no announcement is to be made of his selections until the appointments become effective.

BLACK ROCK, Conn., June 30.-Eight tiny yachts are in rendezvous here preparing to compete during the first four days of this week in trial races for the honor of representing the United States in races for the Seawanhaka international cup for small yachts, to be held on Lake St. Louis, near Montreal, in August. Last year the Bridgeport Yacht Club challenged for this cup, and under the auspices of the club general interest was aroused, nine entries, representing various yacht clubs, being made for the trial races. Eight of the boats appeared today for the opening race, the ninth, the Wampnissie, representing the Shinnecook Yacht Club, having been withdrawn because it had been beaten by the

I., are the other entries.

#### Freaks in Construction.

The little yachts are freaks in construction. They measure twenty-five feet on the water line, with an over-all length of from thirty-five t oforty-three feet. The beam varies from six to eight feet.

For the trial races the courses are twelve miles in length, with a time limit of three and a half hours. Each race will be sailed in three parts, the boats, after finishing four miles, being started again for another four-mile contest. The trials are held with all the careful details of arrangement cus-tomary with the races of larger boats, and a United States revenue cutter, the Dallas, will keep the course clear.

There was a wind from the southeast at

11 o'clock, blowing about four miles an

After a conference the officials decided to send the yachts three times over a four-mile triangular course, the first leg being a beat to windward and the other two logs broad reaches. Five minutes after this announcement was made a gun was fired and the little skimming dishes left for the starting line, about three miles down the sound south of Black Rock.

CONFERENCE WITH COMMIS-SIONER GARFIELD.

Baltimore Subtreasurership-More In vitations for Fresident-To Attend Church Corner Stone Laying.

The approaching end of the present session of Congress brought to the new White House on Lafayette Square today a number of senators and representatives who are anxious to return to their homes, and who called to pay their respects to the President. Among the earlier callers were Senators Quay and Penrose of Pennsylvania and Kean of New Jersey, Beveridge of Indiana, Allison and Dolliver of Iowa, Cockrell of Missouri, Stewart of Nevada, Kittredge of South Dakota, Fairbanks of Indiana, and Postmaster General Payne also called.

Among the representatives who called were Van Vooris, Sperry, Hopkins, Pearre, Rixey, Burgess, Prince, Jones of Washington, Hemmenway, Cannon, Fitzgerald of New York, Long of Kansas and Curtis.

Collector Leach Exonerated.

Postmaster General Payne, Senator Hanna and Civil Service Commissioner Garfield had a conference with the President today regarding the political charges made by Representative Burton of Ohio and others against Collector Leach at Cleveland. Mr. Garfield had just arrived from his home in Cleveland, where he investigated the situa-tion, and today he made his report to the President. Collector Leach also is here, and has filed an affidavit denying the charges. The result of the conference was a conclusion that the charges against Mr. Leach and those mentioned in connection with him had not been substantiated, and that the collector should be reappointed. This action was taken later.

Baltimore Subtreasurership. Representative Mudd of Maryland called

on the President this forenoon in the interest of the appointment of Adrian Posey of Charles county as subtreasurer at Baltimore. Mr. Mudd said he had been over the entire situation with Mr. Roosevelt, and that he believed that the latter would ap-

point Mr. Posey.

"It is a question that I am not at liberty to discuss publicly," he said. "The President said that there were some things he The impression prevails that President Roosevelt will announce the appointment of Mr. Posey or Mr. Dryden tomorrow or Wednesday.

Invited to Connecticut.

Senator Platt and Representatives Henry and Sperry of Connecticut asked the President to visit Hartford and other cities of the nutmeg state on his trip to New England the coming fall.

Representative Burgess of Texas also presented an invitation to the President on behalf of the business men of Galveston. Mr. Roosevelt gave assurance that the invitations should have consideration.

Difference Regarding an Iowa Office. General Dyrenforth, commander-in-chief of the Union Veterans' Union, was a caller during the afternoon. He was accompanied by Mr. J. W. Patterson, collector of internal revenue for the third Iowa district. Mr. Patterson served throughout the civil war as a soldier. It is understood that the republican delegation from Iowa is opposed to his appointment because Mr. H. G. Mc-Millan, the United States attorney for the district, has moved into Representative Cousins' congressional district, and there is objection to two important government positions in the same district. The President took the question under advisement.

## The President Will Attend.

The Rev. Dr. J. M. Schick, pastor of the President's church, called during the afternoon. He received assurances that Mr. Roosevelt would be present at the laying of the corner stone of the new building, 15th street between O and P street, tomorrow afternoon at 3:30 o'clock. The President will not make a speech on the oc-

The Capitol Centennial. Mr. Macfarland, president of the board

of District Commissioners, called at the White House this afternoon and presented to the President the first official copy of the report on the national capital centennial in 1900. The second copy was presented to Secretary Cortelyou. The report is a historical document reviewing the progress of the national capital for one hundred years. A duplicate of the first copy will be forwarded to Mrs. McKiniey. The edition is limited to 6,000. Mr. Macfarland said that senators and represent-atives would have charge of the distribution. Persons desiring copies should apply to their respective senators or representatives. Mr. Roosevelt recalled that he was the guest of President McKinley at the time of the celebration. Gen. Clarkson called on the President this

afternoon. He denied that his visit had any connection with the appointment of Patterson for collector of internal revenu at Dubuque. The Iowa State Register, of which Gen. Clarkson and his brother have The Iowa State Register, of been in charge for thirty-five years, changed hands today, passing to the control of Geo. Roberts, director of the mint.

Mr. Wm. R. Merriam, director of the census, called on the President this afternoon.

Presidential Nominations. The President today sent the following

nominations to the Senate: Charles F. Leach, collector of customs district of Cuyahoga, Ohio; A. H. Blair, register of land office at Wakeeney, Kan.; Edward A. Slack, receiver of public moneys at Cheyenne, Wyo.

Navy—To be assistant paymasters, with rank of ensign: Donald W. Nesbit, Missouri; Arthur M. Pippin, New York; John S. Higgins, Massachusetts:

To Speak at Pittsburg. President Roosevelt and party will depart for Pittsburg at 7:45 o'clock the evening of July 3. Attorney General Knox and Secretary Cortelyou vill accompany him. The party will arrive in Pittsburg at 8

o'clock the morning of the Fourth. The President will speak in Schenley Park in the morning. He will be the guest of H. C. Frick at luncheon, and in the evening will be given a dinner by Attorney General Knox at the Hotel Schenley. The party will return that night will return that night.

## PRACTICALLY AGREED.

Conferees on Philippine Bill May Report This Afternoon. The conferees of the two houses of Congress on the Philippine civil government bill have practically reached an agreement. They probably will present their report to

the Senate during the afternoon. The understanding provides for the elimination of the coinage question from the bill, thus postponing that question to another session for independent action. Private Secretary to Secretary Moody. Mr. Fred L. Fishback, who has been

serving as confidential secretary to Secretary Moody since the latter's appointment. was today appointed private secretary at \$2,250 a year. He succeeds Mr. Cyrus C. Wells, who was appointed private secretary to ex-Secretary Long to succeed Mr. Finney, deceased. Mr. Wells resigned to accept a position with the City National Bank of New York. Mr. Henry C. Gauss, who has been serving as assistant enrolling clerk of the House of Representatives, has been appointed confidential stenographer to Secretary Moody at a salary of \$1,800 a year. The Senate conferees held out for their silver standard provision, and the House

men were just as firm in their contention for a gold standard. The democratic members of the conference were not present at the forenoon session, but it is not believed that they will make any effort to change the agreement. Many of the provisions of the two bills concerning currency, however, are retained including the Senate regulation for subsidlary coinage. There is, however, no effort in the present agreement to fix the money

standard. That is left for the future. The House provision for a legislative assembly is amended so as to require that its establishment shall be preceded by a census. Two years after this census the President is authorized to direct, through the Philippine commission, the election of a egislature if, in his opinion, the conditions ustify such a course. The House provision for the sale of the Philippine public lands was accepted, but 2,500 acres is the largest area to be disposed of to any one person or combination.

#### MEDICAL CORPS UNIFORM. Some of the Important Changes Con-

templated.

Important changes are contemplated in the uniform and insignia of the medical corps of the army. The uniform board is considering the advisability of substituting maroon for green in the trimmings of the hospital corps. Green is not regarded as desirable, nor pertaining to the corps, but more to riflemen, and maroon is favored because some shade of red has been adopted by almost every medical corps abroad. It is also proposed to substitute the caduceus for the familiar Geneva cross as the insignia of the medical corps.

The caduceus in mythology is known as Mercury's rod, representing a wand entwined by two serpents and surmounted by two wings. The ancient poets attributed wonderful properties to the caduceus. The rod represents power, the serpent stands for wisdom and the two wings imply dilligence and activity, important requisites for medical officers to possess.

Owners of Harwood Colliery Post Circulars.

MEN OFFERED WORK

PROTECTION PROMISED IF THEY DECIDE TO RETURN.

Pittston Go Back to Work.

Engineers and Pumpmen on Strike at

HAZLETON, Pa., June 30.-Copies of the following notice were distributed among the striking miners at the Harwood colliery this morning: "With a view of ending what we deem a

hopeless and uncalled-for strike, an opportunity of resuming work at our Harwood colliery is hereby offered to our employes, Let every inside man who wants to begin work quietly notify the general inside foreman and let every outside man notify the outside foreman. When a majority of our adult inside and outside men signify their desire to begin work this colliery will be started. Foremen will not make known the names of

those applying for work. "(Signed) C. PARDEE & CO. Several hundred strikers stationed along the roads leading to the Drifton colliery of Coxe Bros. & Co. this morning turned back all men who reported for work, with the exception of the clerks and the passenger crews of the Delaware, Susquehanna and Schuylkill railroad. The strikers and the Coxe deputies came together on the Free-land Borough line. When Sheriff Jacobs arrived the men dispersed.

Engineers Return to Work. PITTSTON, Pa., June 20 .- All the striking

engineers and pumpmen in this city, about thirty-five in number, reported for duty today. The majority of them were given employment, but a number were stood aside until the imported men now at work could be provided for in other directions. The firemen refused to join the movement. This action, it is said, was determined upon at a meeting held Saturday night. In this district there are about forty engineers and pump runners still out, but it is believed that before the end of the week they will be back at work.

ROANOKE, Va., June 30 .- Many of the old men who had left the mines in the Pocahontas Flat Top coal fields when the strike was being agitated previous to the date set for quitting work, and a great many others who have gone out at different times since the strike was declared, reported for duty and went back to work in their There are more miners at work today than on any day since June 7. There is no trouble reported and everything points to greater gains in the number of men returning to work.

#### NEW SPANISH MINISTER. Senor de Ojeda Sailed From Cadiz for America Today.

Senor Riano, charge d'affaires of the Spanish legation here, has received a cablegram announcing that Senor de Ojeda, who succeeds the Duke de Arcos as Spanish minister to Washington, sailed from Cadiz today aboard the Spanish liner Manuel Calva. Senor de Ojeda will come to New York by way of Cuba, and as he will probably make a brief stay in the island he is not expected to arrive at New York until about the middle of July. Senor Riano will meet the new minister at New York and escort him to Washington. It is thought here that Senor Ojeda is coming alone aboard the Manuel Calvo, leaving his wife and family to depart for Washington later. The new minister has two childrenson and a daughter. The former served with his father at the Tangier post and will in all probability receive a transfer to

#### Washington. WHEREABOUTS OF WARSHIPS. Advices Received of the Movements of

Naval Vessels. The Navy Department is informed that the gunboats Princeton and Quiros of the Asiatic station have arrived at Sandakan, Borneo, where they were sent to participate in the ceremonies in connection with

the coronation of King Edward.

The Wheeling arrived at Tutulia May 24, and the Abarenda left that port four days later for Montevideo. The Solace has arrived at Cavite, the Monongahela at Queenstown, the New York at Nagasaki, the Illinois at Gravesend, the Topeka at Porto Cabello, the Albany at Cherbourg, the Prairie at Tompkinsville and the Ken-tucky and New Orleans at Kiauchau. The collier Ajax has sailed from Tompkinsville for Malta on her way to Manila. The Navy Department received tele-grams this morning from Commander

Nickels of the Topeka, announcing that vessel's departure yesterday from La Guaira for Porto Cabello, about a hundred miles to the west, and north of the important town of Valencia, and her arrival at that place the same day. The telegrams, it is stated, only chronicled the departure and arrival of the Topeka and rave no further information.
